মন্তব্য	30.12.2020: They have done retrofitting taking ACCORD/RSC's permission. This NC, incorrect information of having 15"x15" and drawing showing 18"x18" has been corrected. Since they have done retrofitting their column sizes now upgraded to 23"x23" (24"x24" including the plaster). But they didn't submit the drawings to DIFE. According to ACCORD/RSC, they need to do another soil test and they have done it too but they will receive the test report later. They have done maximum of their work according to ACCORD/RSC standards. 30–05–2022 (CCVV): They have done retrofitting taking ACCORD/RSC's permission. As they are a member of ACCORD/RSC(ID: 10055), they have done DEA, design drawings and also load plans. But they didn[]t submit any of the documents to DIFE.
